## COLOMBIA CLAIMS.

Senator Bacon Introduced a Resolution Looking to Arbitration of Panama Trouble.

### ALLEGED AID IN THE REVOLUTION.

Advise a Treaty Between the United States and Colombia to Adjust Differences Between the Countries.

Should This Fail The Hague, or Some Other Tribunal to Be Agreed Upon For Arbitration, Is Suggested.

Washington, Jan. 13.—Senator Bacon introduced the following resolution in the senate Tuesday:

"Resolved, By the senate, that the president be respectfully informed that the senate favor and advise the negotiation with a view to its ratification of a treaty with the republic of Colombia to the end that there may be peacefully and satisfactorily determined and adjusted all differences between the United States and the republic of Colombia growing out of the recent revolution in Panama and the consequent secession of Panama from Colombia and the alleged aid and assistance by the land and naval power of the United States in the successful accomplishment of said revolution and secession, through the alleged forcible prevention by said land or naval forces of the assertion and maintenance by Colombia of her sovereignty and authority in Panama and that full and complete compensation may be made by the United States to the republic of Colombia for the loss of her sovereignty and property rights in Panama, so far as the same may be shown to be due to any act of the United States through the land or naval forces of the same.

"Resolved, Further, That the president be respectfully informed that if it should prove to be impracticable for the United States and the republic of Colombia to agree through a convention upon the question of the said alleged responsibility on the part of the United States or upon the question of the amount of compensation to be made when such responsibility shall be established, the senate, in that case, favor and advise the negotiation with a view to its ratification of a treaty with the republic of Colombia, submitting to the permanent court of arbitration at The Hague or to some other tribunal to be agreed upon for impartial arbitration and peaceful determination, all questions between the United States and the republic of Colombia growing out of the matters herein recited."

The resolution was met promptly by a motion on the part of Mr. Lodge to table it. This motion aroused the feeling of senators on the democratic side, who construed the motion as intended to cut off debate, and said they would debate the Panama question on some other resolution if not on this. Finally Mr. Lodge consented to withhold his motion. Republican senators in their speeches referred to the resolution as a confession of wrong on the part of the United States and expressed the opinion that any agitation of the question at this time would give undue encouragement to the people of Colombia and misrepresent the attitude of this country. Mr. Bacon disavowed any such intention and said that he accepted the resolution as an accomplished fact.

Other republican senators indicated an unwillingness to accept any measure looking to an interference with executive negotiations, while the democratic senators also intimated objections on other grounds.

## SELECTS ST. LOUIS

The Next Democratic National Convention Will Be Held There On Wednesday July 6.

### THIS ACTION WAS A SURPRISE.

National Committee Meeting Covered Discussion of Politics and Claims of Candidates.

But Nothing Like Favoring Any Aspirant Appeared in the Proceedings—William J. Bryan Appeared After Meeting Was Over.

Washington, Jan. 13.—The democratic national committee Tuesday furnished a surprise, selecting St. Louis as the place for holding the national convention of 1904. The date fixed for the convention was Wednesday, July 6, at 11 o'clock. Previous to the meeting of the committee it seemed a foregone conclusion that Chicago would be selected as the place of meeting, but political exigencies entered into the situation and a majority of the committee voted for St. Louis. For some hours previous to the meeting of the committee there was talk in the corridors and among democratic leaders that the convention in Chicago might be subject to the influence of a strong movement and a strong newspaper influence in favor of some particular candidate. Mr. Knapp, of the St. Louis Republic, hinted at this in his speech by saying that the convention, if held at St. Louis, would be welcomed by an absolutely fair press.

The committee meeting covered considerable discussion of politics and the claims of various candidates were advocated by their partisans, but nothing like favoring any candidate appeared in the committee proceedings. Just before the committee adjourned W. J. Bryan, who arrived in Washington at 11 o'clock Tuesday morning, entered the committee room. After the adjournment he held an informal reception, being personally greeted by many members of the committee.

There were two roll calls to select the city. On the first St. Louis received 23 votes, Chicago 20 and New York 6. On the second ballot St. Louis received 28 and Chicago 21. The date was fixed as July 6 on motion of Col. J. M. Guffey, of Pittsburg. J. G. Johnson, of Kansas, suggested June 7. The June date was declared to be too early and likely to interfere with primary elections.

Chairman Jones appointed J. T. McGraw, of West Virginia; J. L. Ellston, of Virginia; W. B. Bourley, of New Jersey; J. M. Guffey, of Pennsylvania, and Norman E. Mack, of New York, as the committee to consider the disputed committee membership from the District of Columbia. To this committee was also referred the request of the democratic central committee from Hawaii, asking that a Mr. Wood be made the member from Hawaii and also a request from the democratic central committee of Porto Rico, requesting permission to send six delegates to the national convention.

A resolution commending the St. Louis exposition and the proposed exposition at Portland, Ore., to commemorate the Lewis and Clarke expedition to the Pacific coast, was agreed to. The committee adjourned at 5:15 to meet at the call of the chair.

### SENSATIONAL GOLD STRIKE.

The strike has caused great activity in the northern portion of the district.

## MARCUS A. HANNA.

He Is Returned to the United States Senate By Ohio Legislature.

Columbus, O., Jan. 13.—The Ohio legislature, by separate ballot of the house and senate, Tuesday voted to return Marcus A. Hanna to the United States senate for a second term. The result will be formally announced at a joint session at noon Wednesday, a joint ballot being unnecessary by reason of Senator Hanna having a clear majority in each branch.

Senator Hanna's re-election is in striking contrast to his election six years ago when, after a most exciting political contest, he secured only the requisite number of votes to elect, 73 on joint ballot, the senate on its separate ballot having given a majority of one vote to Robert L. McKisson, of Cleveland. Tuesday Senator Hanna was re-elected by the largest majority ever given to a candidate for United States senator from Ohio. The house cast 86 votes for Mr. Hanna, two republican members being absent and 21 votes for John H. Clarke, of Cleveland, the democratic candidate, one democratic member being absent. The senate cast 29 votes for Mr. Hanna and four for Mr. Clarke. The republican majority on joint ballot is 91.

### DOINGS IN CONGRESS.

The Senate Debated the Panama Question For Several Hours.

Washington, Jan. 13.—Senate—For almost five hours Tuesday the senate debated the Panama question and it was still under consideration when the senate adjourned. The discussion arose a resolution looking to the arbitration of Colombia claims on account of the Panama revolution.

House—The house for more than five hours considered the legislative, executive and judicial appropriation bill, but reached no conclusions on it. A variety of topics, including Panama and the tariff, were discussed during the course of the debate. When the item in the bill providing for the expenses of the civil service commission was reached Mr. Hepburn (rep., Ia.) took occasion to express his opposition to the civil service system as it now exists and expressed a desire to amend the bill by striking out the paragraph providing for the expenses of the commission. Discussion of the civil service was pending when the house adjourned.

### CHINESE-AMERICAN TREATY.

The Emperor Has Affixed His Seal to the Document.

Washington, Jan. 13.—Sir Chentung Liang Cheng, the Chinese minister here, called upon Acting Secretary of State Loomis Tuesday afternoon and informed him that he had received a cable dispatch from Peking stating that the emperor had fixed his seal to the Chinese-American treaty and further that he had acceded to the request of the American government, through Minister Conger, for the immediate exchange of ratifications. Therefore, without awaiting the arrival in Washington of the copy of the treaty from Peking, the minister and Secretary Hay will, within a day or two, sign a protocol equivalent to the exchange of ratifications and the president's proclamation being issued the convention will go into effect immediately. The minister's advice induced the state department to change the plan it had formed earlier in the day to await the arrival of the mail copy of the treaty.

## TO FIGHT PANAMA.

The United States Naval Authorities Are Convinced Colombia Will Send An Army.

### ABOUT 4,000 TROOPS AT TITUMATI.

They Are Well Armed and Supplied With Ammunition and Have Four Guns and Launches.

A Scouting Party of United States Marines Have Left Colon on the Steamer Herald For Nombre De Dios to Reconnoiter.

Colon, Jan. 13.—United States naval authorities here appear to be convinced from the tenor of the reports which are continually brought in that Colombia is determined to send an army to attack Panama.

The Panamanian authorities Monday received official confirmation of the fact that the Colombian troops at Titumati number at least 4,000 men, under the command of Gens. Ortiz, Uribe Uribe, Bustamente and Novo. These troops are well armed and supplied with ammunition and have four guns, three steam launches and a large supply of cattle. The district is an unproductive one and the provisions and other supplies which the troops possess have been brought to them from other places. The government learned these facts from a reliable informant at Titumati, who contrived to send news of events from that distance to Colon by means of signals and trustworthy messengers.

News has also been received that the Indian chief, Inanaquina, returned Monday to Cartagena to interview the Colombian officers regarding a request made by them for three hundred Indian cayuucos (small boats) to be used by the army at Titumati in crossing rivers.

Col. Villamil, who is now stationed at Rio Mandinga, at the mouth of the San Blas bay, in command of a hundred Panamanian soldiers, in a report sent Monday, said he had no need of more troops. The colonel said he had already sent out scouts as far as Concepcion to the east and Culebra to the west who have confirmed the belief that the mountain trails are so difficult it would be an easy matter for the colonel's command to stop an army attempting to pass over them.

A scouting party of United States marines has just left Colon on the steamer Herald for Nombre de Dios, from which place they will send a small boat to Mandikja with the object of undertaking a journey to the Darien district, towards Tiburon. This expedition is likely to be absent for two or three weeks and on its return the naval authorities will have the fullest information obtainable regarding trails, etc.

It is expected that all the warships will leave Colon Wednesday for the purpose of making a demonstration along the San Blas coast. The vessels will land an attacking force the moment information reaches them that Colombian troops have crossed into Panama territory.

There are no signs of a Colombian army in the vicinity of Panamanian territory on the Pacific. The outlook is apparently warlike.

The body was laid to rest Tuesday at East Fork, Lewis County, near the scenes of her girlhood days. Mrs. Cummings was born July 15, 1808, and was a woman of strong mental and physical powers. Superintendent O. T. Holloway, of the Fifth Division of the R. M. S., is arranging for the mail weighing on the railroad lines through Kentucky, Tennessee and Southern points by which the cost of carrying the mails on those roads for the next four years is to be regulated. The matter is such an important one that in the past year the mails were weighed for over seventy days instead of only thirty, the usual period, in order to strike a satisfactory average. In the past it is claimed that when the period was short the mails were "padded," so to speak, making the returns above the usual average.

All musical numbers were contributed by Ben M. Jerome and Harry Von Tilzer, the famous song writers. Two hours and a half of rollicking fun is promised. Seats on sale at Ray's Saturday.

## CITY'S EXCELLENT CONDITION.

But Health Officer Yazell Urges That Water For Drinking Purposes Be Boiled.

As health officer, I am very desirous of calling the attention of the public to the splendid sanitary condition of our city at present and which has existed for several months. We have not a single case of contagious disease of any kind within our city. There have been a few cases of scarlet fever and typhoid fever this winter, but if the people will be more vigilant and see that their homes and premises are thoroughly disinfected, any further outbreak of the kind can be prevented.

As typhoid fever has prevailed in epidemic form along the Ohio river and its tributaries, I am led to believe that large quantities of these germs are finding their way into the river and the water therefore contains not only typhoid fever germs, but other germs as well, and as heat is the best way of destroying these germs I most earnestly request that families, schools and all public drinking places, using hydrant water, should boil same for drinking purposes, thereby possibly preventing great suffering among our citizens. Respectfully submitted,  
W. S. YAZELL, Health Officer.

As these pleasing melodies are wafted to your ear and your aesthetic nature delighted, let this sweetly, solemn thought entertain you, "I can secure one of these superb instruments at a sacrifice price, and upon easy terms."

Miss Clara Bauer, directress of the Cincinnati Conservatory of Music has this to say of Smith & Nixon Pianos:

We have for a number of years used Ebersole Pianos in the Conservatory, where they are constantly subjected to the hardest kind of use. We have found the Ebersole to be a good, durable piano, well able to stand the wear and tear of the music room. MISS CLARA BAUER, Directress Cincinnati Conservatory of Music.

This eminent authority should certainly satisfy the most prudent and careful buyer. Smith & Nixon instruments are recognized by professionals over the world for their superior tones and durable features.

An instrument that delights the professional should certainly please the amateur!

Place your trust in Smith & Nixon, who stand upon their record the past generation! Their record is an open history, familiar to the masses, which years ago gave rise to the expression, "Anything that Smith & Nixon makes is all right."

One car load of Smith & Nixon instruments which reached Maysville too late for Christmas trade is now on sale at the greatest sacrifice prices in the history of the piano industry! We mean just what we say. Try us.

## PROVE ALL THINGS.

Maysville People Look For Proper Proof.

To win a wager an English Marquis stood on London bridge and offered British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer. It's not to be wondered at, the public look askance at any proposition where the proposer is apparently a financial loser, without direct or indirect gain. Fraudulent schemers have often been successful and in these days skeptics want better proof than the word of a stranger. No evidence can be stronger than the testimony of friends and neighbors, of people we know. Here is case of it:

Mrs. James Molen, of 219 Lee street, who says: "Our son was greatly troubled with his kidneys and although he used many remedies nothing brought lasting relief. We learned about Doan's Kidney Pills and his father went to J. Jas. Wood & Son's drug store on West Second and Market streets and got a box for him. Its use proved its great value. We most heartily recommend Doan's Kidney Pills to others suffering from kidney ailments."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Don't throw away old worn-out typewriter ribbons. This is the advice of a veteran stenographer in a prominent business office, says the New York Press. "Old ribbons make the best ink in the world," he said. "After one has been so badly worn that the key makes but a faint impression on the paper the cloth still contains enough coloring matter to make a pint of high-grade ink. Take the ribbon and put it in a jar containing about a pint of cold water. Let it stand there for three days, stirring it around once in a while. The result will be better ink than you can buy for twenty-five cents a pint."

Fostoria, O., Jan. 13.—The funeral of the ex-secretary of the treasury and ex-governor of Ohio, Charles Foster, was held here Tuesday afternoon, the services being conducted at the Methodist Episcopal church in the presence of a large congregation, including many distinguished men of Ohio and other states. The services were conducted by Rev. Messrs. J. W. Hyslop, rector of Trinity Episcopal church, of Tiffin, who read the Episcopal service for the dead; Rev. J. F. Harshager, pastor of the church where the funeral was held, who delivered the eulogy, in which he gave a brief history of Mr. Foster's life and its achievements, and Rev. C. G. Martin, pastor of the Presbyterian church, who offered a prayer.

A quartette sang Mr. Foster's favorite hymns, namely, "In the Sweet Bye and Bye," "Thy Will Be Done," and "Nearer, My God, to Thee." There was a profusion of beautiful floral tributes. Gov. Orangeburg, in the death of Mr. James Ensor, which occurred at his home Friday morning, Jan. 8th, about 9 o'clock, has lost an upright and honorable citizen and one that will be missed in the little village. Mr. Ensor had been in failing health for several years, though his last illness dated back only about eleven days. He suffered severely at times with pain near the heart but rallied somewhat and was thought to be better. Friday morning while sitting in his chair and just after taking nourishment preparatory to eating his breakfast, he peacefully expired without a struggle. Mr. Ensor had the respect and esteem of the entire community. He would have been eighty-two years old in March and was a native of the Lewisburg neighborhood. His long life had been spent in Mason County. His wife, who was Miss Mollie Williams, survives him, and he leaves three daughters and one son.—Mrs. Wiley Case, of near Orangeburg, Mrs. John Moore, of Falmouth, Mrs. Benjamin Sweet, of near Maysville, and Mr. T. J. Ensor, of Plumville. He leaves one sister, Mrs. Harvey Rice, of Lewisburg, and one brother, Mr. Wm. Ensor, of Indiana. The darkened home heavily draped in mourning was thronged throughout the day Sunday with visitors tendering sympathy to the bereaved companion and family and viewing the remains. The funeral services were conducted by Rev. Ellis at the residence at 10 o'clock Monday morning, after which the remains were laid to rest in the Maysville Cemetery.
